

Move forward. *Safely.*

SAFE. CONVENIENT. RELIABLE.

DPV Mobile Lab sits at the intersection of on-demand transportation and critical, accurate and safe medical testing needed to empower communities and companies to move forward safely. Our on-site COVID-19 testing provides the safest, quickest way to get tested; no waiting, no increased risk, just quick, convenient accurate testing.

COVID-19 TESTING ON-DEMAND

- Serving businesses and communities across Massachusetts and Connecticut
- Fast, accurate COVID-19 testing from the comfort of your home or office; Antigen and PCR tests
- DPV Mobile Lab arrives within two hours
- Get test results as soon as 15 minutes later

WHO WE SERVE

DPV has partnered with a range of prominent corporate clients and government agencies:

WHAT MAKES US DIFFERENT

CONVENIENCE & SAFETY

- Appointments on your schedule
- No waiting in line or in crowded waiting rooms full of sick people
- Rest easy with real-time tracking of technician arrival times and test results
- Save the time and risk of a trip to the doctor
- Get tested and receive your results within two hours of booking
- Choose between the Rapid Antigen and the Nasal Swab PCR test (results in 1-2 days)
- 24/7 booking available

TRAINING & COMPLIANCE

DPV consistently tests all essential workers to ensure they are not COVID-19 positive. In addition, all workers are well-trained in:

- Use and disposal of PPE
- Testing protocols
- Medical procedures for nasal swabbing
- Guidelines for calibrating testing equipment
- Performing tests and interpreting results
- Respecting and understanding the importance of your privacy and safety
