# On Demand COVID-19 Testing

We know your time is precious and so is your health. Our on-demand testing delivers technological innovations and the highest levels of safety and care to ensure that you don't need to compromise on either.

- Results in 15 minutes.
- Guaranteed appointment, at your location, within 2 hours anywhere in MA and CT.
- Real-time tracking of tester and mobile lab ETA.
- No time wasted in risky waiting rooms or traveling to test locations.
- Reduce your exposure to those already infected or otherwise ill.
- HIPPA Compliant.

# Health Insurance Coverage Partnerships

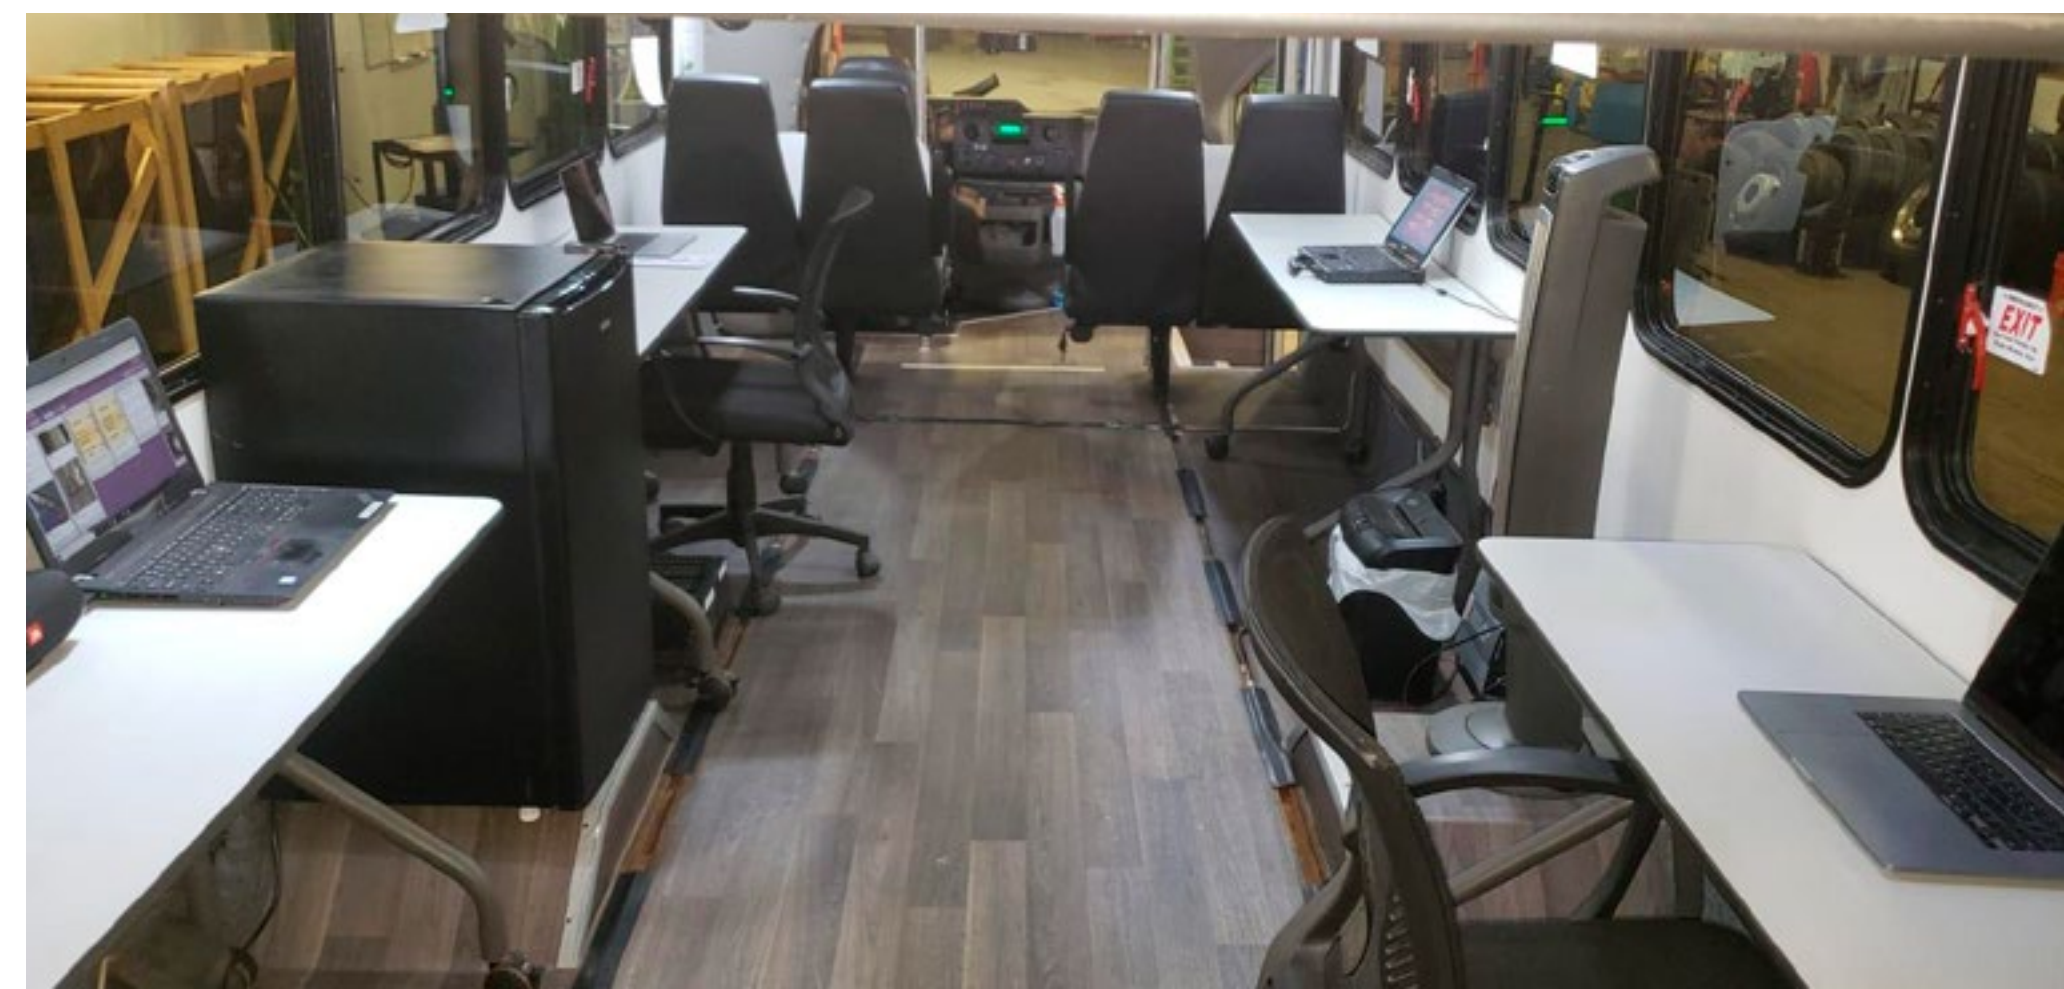

We're proud to partner with leading health insurance companies that share a higher mission. Together with these forward-thinking insurers, you and DPV Mobile Lab will help keep your staff and your community safe by working together to defeat this pandemic.

Our insurance partners constantly seek cost-efficient opportunities protect the health of their customers. And they recognize that when you bring the equipment and trained testers to your people, you give them the testing they need without the risks of mass testing centers and crowded offices.

## Together we will:

- Reduce exposure to those already infected or otherwise ill.
- Decrease diagnosis time to reduce additional healthcare and hospitalization costs.
- Decrease the spread.
- Protect the elderly, homebound and immunocompromised.
- Provide higher compliance with mandated testing.
- Bring added value to insurance customers.

# Marketing Awareness Campaign

Creating safer and healthier communities requires clear messaging that reinforces safety standards and health awareness. If you're a business that values the health of its community, we want to partner with you to make sure your critical messaging is seen and read.

With a fleet of more than 400 of our own vehicles – buses, vans, and shuttles – you can be sure that one or more of them is being seen by the people who need your information. Wrap our vehicles with your message, and partner with DPV in creating stronger, safer communities.

## We make it easy:

- We handle the legwork – we design, print and wrap your message.
- These mobile billboards strategically target your audience with custom routes you determine.
- Easy access to real-time data and tracking so you know where your message goes.

# Vaccinations & Transport Services

The approval of COVID-19 vaccines has provided hope that we are finally turning the corner on this pandemic. The challenge now is to ensure that we get the vaccines into our communities quickly and safely.

DPV Mobile Lab is positioned to play a critical role in the distribution challenge – from delivery to hospitals, pharmacies and healthcare providers to the safe administration of the vaccine in your home or office by registered nurses. We will customize an approach to meet your criteria for safe transport, storage, and administration of the COVID-19 vaccine.

## Your ideal solution for:

- ✓ On-demand transportation
- ✓ On-site vaccinations
- ✓ Trackable, traceable
- ✓ Refrigeration and cooling systems
- ✓ 99% on-time or early track record
- ✓ Community-focused
- ✓ Minority owned and staffed
- ✓ HIPPA Compliant

**Get your communities vaccinated faster and safer.  
Tailor your solution today.**
